MAHJABIN ALIF LAMIYA

CSE STUDENT | SOFTWARE DEVELOPER | AI-INTEGRATED WEB APPLICATIONS

alif03lamiya@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate at Chittagong Independent University with a strong interest in full-stack development and AI-integrated web applications. Experienced in building and deploying web applications using Next.js, React, Node.js, MongoDB, Firebase, and Google Gemini API. Champion of PROTICHAMP AI Championship 1.0 (Healthcare category), with participation in hackathons and technical competitions.

TECHNICAL SKILLS

Programming Languages: Python, C, C++, JavaScript, TypeScript, PHP

Frontend: React, Next.js, Tailwind CSS, HTML, CSS, Framer Motion

Backend & Databases: Node.js, Express.js, MongoDB Atlas, Firebase, MySQL

Authentication & AI: JWT Authentication, Google Gemini API

Tools: Git, GitHub, Vercel, VS Code, XAMPP, Google Colab

PROJECTS

1. RecipeHub — Full-Stack Web Application

Recipe-sharing platform for discovering, creating, and exploring culinary recipes through an intuitive interface.

Technologies: React, Node.js, Express.js, MongoDB, Tailwind CSS

2. DriveFleet — Fleet Management Solution

Fleet management platform for organizing vehicle information, tracking service records, and supporting fleet operations.

Technologies: Next.js, React, Node.js, Express.js, MongoDB

3. MediBondhu — AI Healthcare Web Application

Gemini-powered healthcare web app offering AI-based symptom guidance. Initially developed for SciBlitz 2.0 AI Hackathon and refined for PROTICHAMP AI Championship 1.0, where it won Champion in the Healthcare category.

Technologies: Next.js, Google Gemini API, Tailwind CSS, Node.js, MongoDB | Live Demo

4. KrishiDisha — AI-Powered Agriculture Web Application

AI-powered agriculture web app built with a modular, component-based structure to deliver accessible agricultural guidance.

Technologies: Next.js, Google Gemini API, Tailwind CSS, Node.js, MongoDB | Live Demo

5. QurbaniHat — Livestock Booking Platform

Livestock booking platform for Qurbani animals with Firebase authentication and a responsive user interface.

Technologies: Next.js, Firebase Authentication, Tailwind CSS, React Toastify, React Icons | Live Demo

6. MediCore — AI Healthcare Guidance Platform

Three-member university Software Lab project. Contributed to backend doctor recommendations and integrations for appointment booking, doctor and patient dashboards.

Technologies: Next.js, Tailwind CSS, MongoDB Atlas, JWT Authentication, Google Gemini API | Live Demo

EDUCATION

B.Sc. in Computer Science and Engineering — Chittagong Independent University

Expected Graduation: 2027 | Relevant Coursework: Data Structures & Algorithms, DBMS, Software Engineering, Theory of Computation, Computer Graphics, Machine Learning

LEADERSHIP & EXPERIENCE

IT Department Intern — Youth School for Social Entrepreneurs (YSSE). Currently serving as an intern in the IT Department.

Treasurer — Independent University Science and Engineering Club (iSEC)

Executive Member — CIU Robotics Club

Content Coordinator — IEEE CIU Student Branch

COMPETITIONS & ACHIEVEMENTS

- Champion — PROTICHAMP AI Championship 1.0 (2026)

- Finalist — NextGen Hackathon (2025)
- Certificate of Achievement — SciBlitz 2.0 AI Hackathon, IEEE CUET Student Branch
- Semi-Finalist — ICT Olympiad Season 2 (2025) and Season 3 (2026)
- Semi-Finalist — Bangla Innovator
- Participant — CUET CSE Fest DevOps Hackathon (Preliminary Round)

LANGUAGES

Bengali — Native | English — Professional Working Proficiency
